Mr. DeWuske:

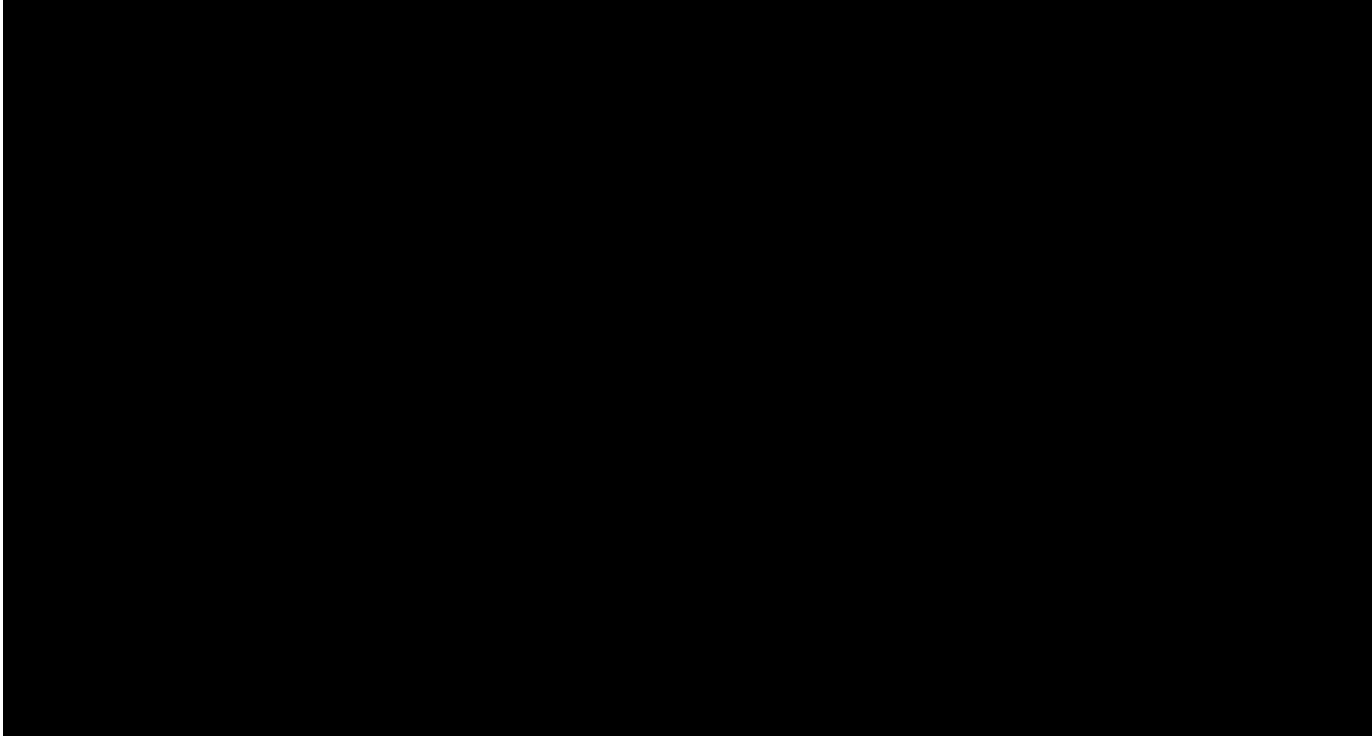

The City is in receipt of your data practices requests. Your first request, dated September 21, 2021, requested the following data:

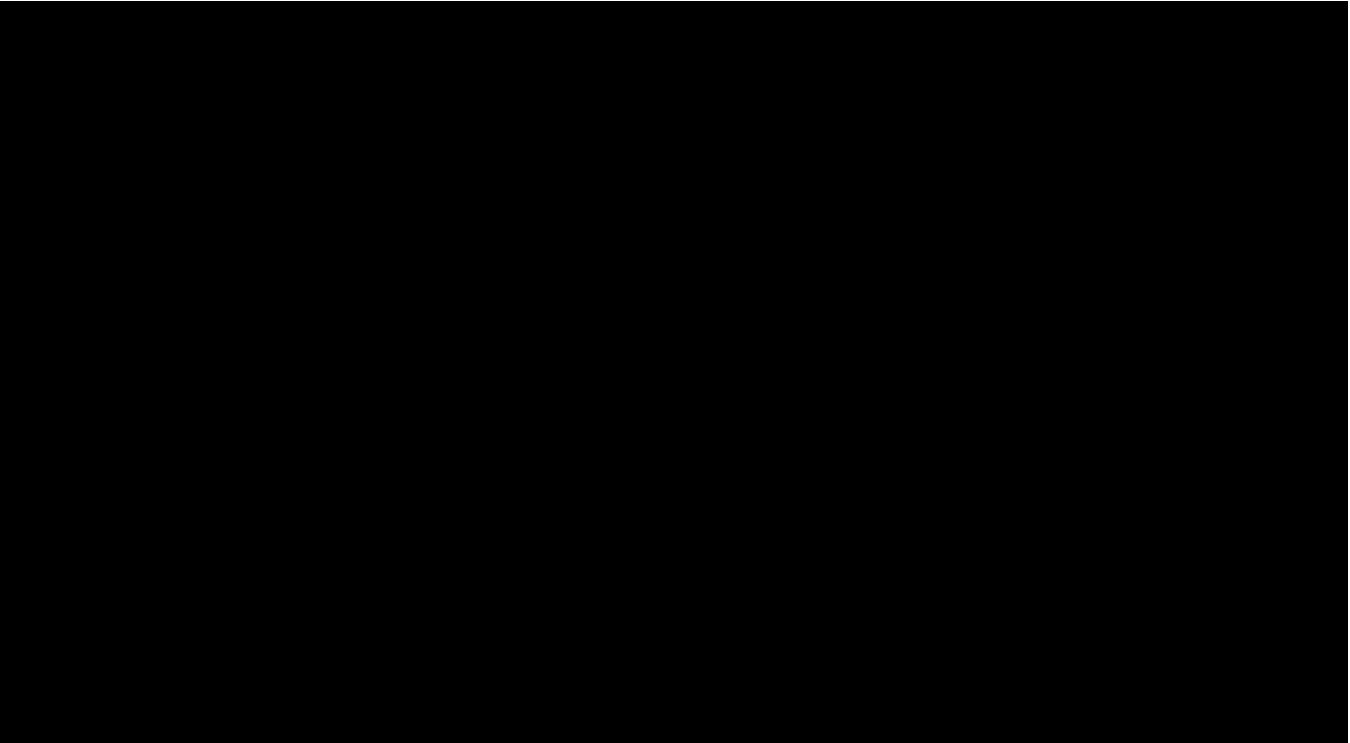

4. Names and residence of the hunters and their credentials, certifications, licensing, or permits that attest to their qualifications to hunt.

- The following responsive data was located and previously sent to you:

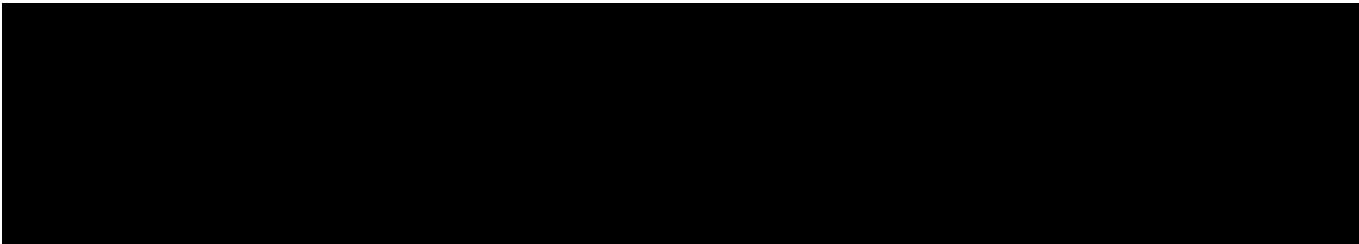

- Deer management participant (bow hunter) forms which have been previously provided to you
- Emails between staff and MBRB

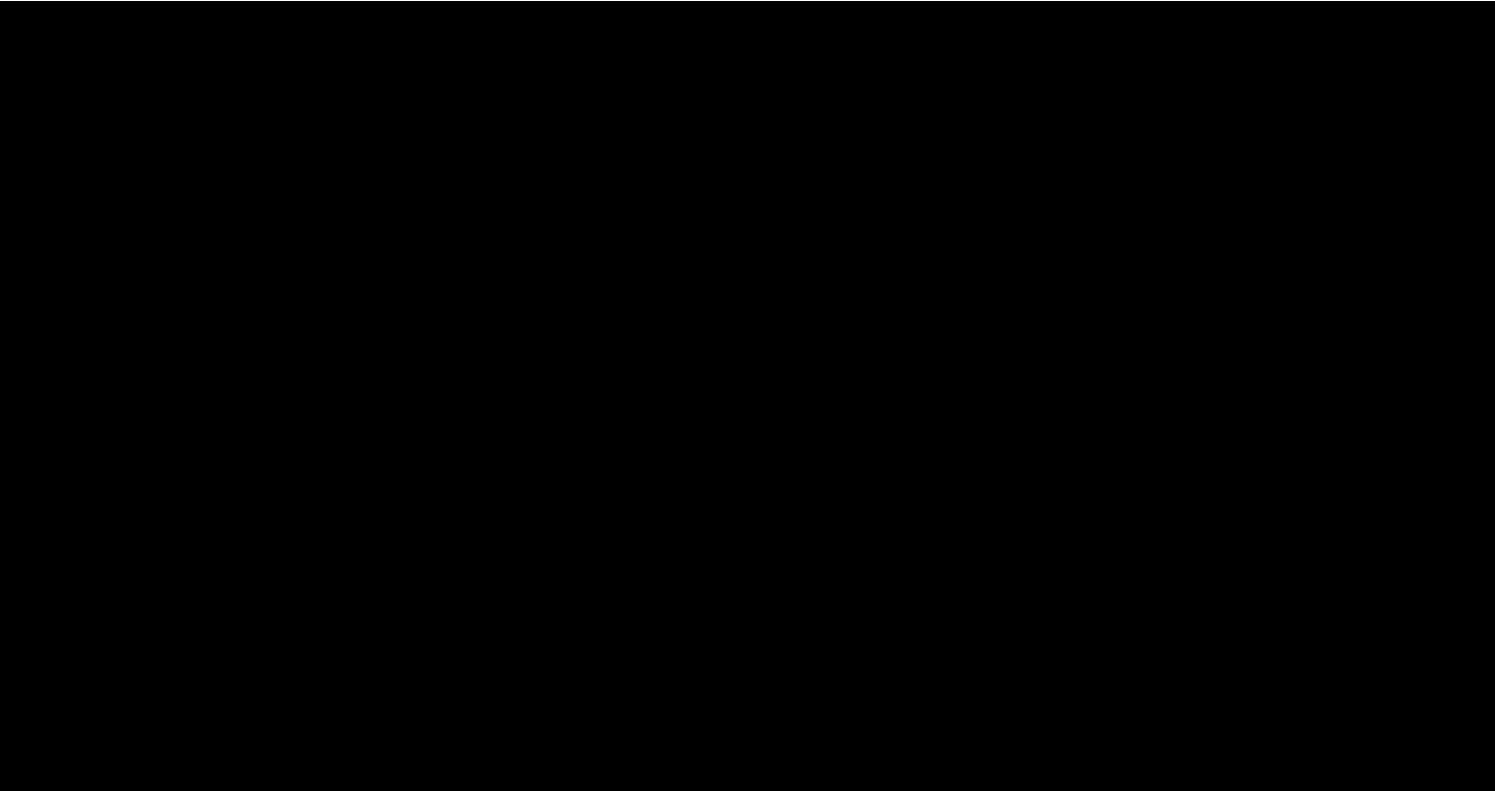

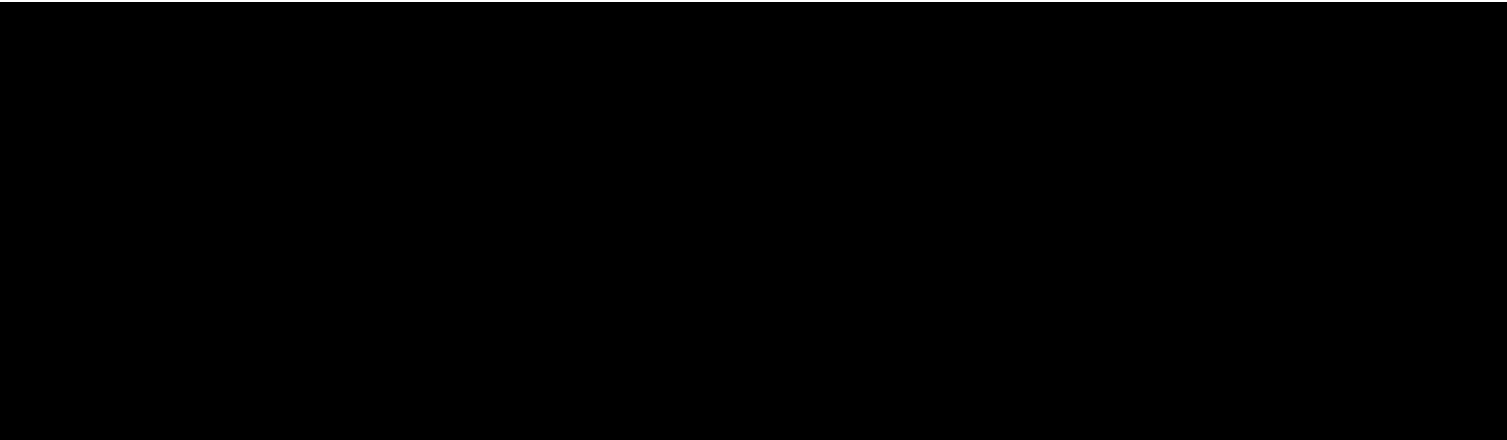

◦ All data related to the deer management program were previously provided to you.

◦ All data related to the deer management program were previously provided to you.

As the responsible authority, I have worked with city staff to locate and provided access to you to data responsive to your request. The City will provide you with any data responsive to your request, and I will review this matter with the City Attorney to ensure that the City is responding as required by the Minnesota Government Data Practices Act to your request.

Regards,

Jerene Rogers

City Clerk
